**The Miser.**  
Many a man with his whole soul immersed in business and money-getting is like the miser whose spring door shut to and locked him in forever. Men work and slave and worry and get sick and broken down forgetting all the time that health is worth more than that a happy home is rather than great till they hear door of disease and shut them off from all the bright hopes they labored for. A sick man cannot be happy; he cannot accomplish the work he has to do in this world; he loses the very money he is striving for; his ambition defeats itself. Any man who discovers that his strength and energy are giving way has an unfeeling means of regaining his physical health and stamina in the simple yet all-potent restorative power of that wonderful "Golden Medical Discovery" originated by Dr. R. V. Pierce, of Buffalo, N. Y., the world-famous specialist in diseases of the nutritive organs.

Among the thousands who have consulted him by mail the case of Mr. Newton B. Blake, of Tiptonville, Tipton Co., Miss., as shown in the following letter indicates the remarkable efficacy of his treatment. "In December last my health began to fail, I tried many different kinds of medicines and the more I took the worse the case grew. Finally in April when I was busy with the farm work my health got so bad that I could not hold out to work one hour. My breath became short and I was weak and nervous and continually would spit blood. I was unable to work. I tried one of the doctors in the vicinity but failed to obtain relief. I seemed to grow worse. My father received a book from Dr. Pierce in which I read of a case similar to mine, and decided to write to Dr. Pierce. He recommended me to take his 'Golden Medical Discovery.' After taking six bottles of this remedy I can recommend it as one of the best medicines to build up the system. I am now enjoying good health."

Torpid liver and constipation are surely and speedily cured by Dr. Pierce's Pleasant Pellets. They never gripe. They regulate, tone up and invigorate the liver, stomach and bowels. No substitute urged by mercenary dealers is as good.

### THE BREATH OF ARBUTUS.

What is it in the summer air tonight  
That brings me dreams of dear days long ago  
And memories of hearts that have for years  
Been colder than the Alps' eternal snow?

The dewy violet of heaven's blue,  
The faint breath of arbutus on the air,  
Bring sadly back those dear dead days  
And one who told me I was fair.

We stood amid the flowers, dewy, sweet,  
My hero in his coat of loyal blue  
He kissed my tears away, and said: "Farwell!  
My country needs me, dear, more than do you."

There came a day. The sun refused to shine  
High heaven tried to wash away the stain  
Night spread her mantle gently o'er the field—  
The south wind moaned a requiem for the slain.

Back in a corner of the garret dark  
There stands an oak chest, and buried deep  
Within it lies a package worn and old,  
But when 'tis ashes still my heart will keep.

In sacred memory the love that gave  
To me the sweet arbutus, faded, dead,  
But gave to God and country all he had  
And in the southland found a narrow bed.

'Tis this the south wind wafts to me tonight—  
Fond memory is the harp o'er which she plays—  
The gentle breath of sweet arbutus flowers  
And tender thoughts of forgotten days.  
—R. V. B. S. in Scranton Republican

### Real Magic Number.

"I often hear of the magic number," said some one. "What number is it?"  
"Why, nine, of course," replied some one else. "There are nine muses, you know, and you talk of a nine days' wonder. Then you bowl at nine pins and a cat has nine lives."  
"Nonsense," broke in another. "Seven is the magic number; seventh heaven, don't you know, and all that; seven colors in the rainbow; seven days in the week; seventh son of a seventh son—great fellow, and!"  
"Tush, tush," remarked a third. "Five's the number, you mean. A man has five fingers on his hand and five toes on his foot, and he has five senses, and!"  
"Three is undoubtedly the magic number," interrupted another, "because people give three cheers and Jonah was inside a whale three days and three nights, and if at first you don't succeed, try, try again—three times, you see!"  
This was received with some contempt by the company, and a soulful youth gasped out:  
"Two, oh, two is the magic number. Oneself and one other—the adored one! Just us two!"  
A hard featured individual, who had been listening to the conversation hitherto unmoved, here remarked in a harsh voice:  
"The magic number is No. 1 in this world, and if you want to succeed never forget it."

An interval of deep thought on the part of all followed, after which they went in silently to supper.—Brooklyn Citizen.

### The Flow of Blood.

Professor Mosso, the Italian physiologist, constructed a couch so arranged that it could be accurately balanced in the middle when the slightest change of weight should make either end incline. A man was laid upon it, balanced in a horizontal position. As he went to sleep his head rose and his feet sank. As he awoke the opposite occurred, proving that the blood left the head in the one condition and returned to it in the other.

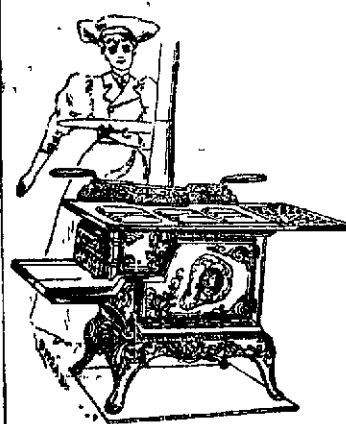

In Sweden and Norway a legal marriage is not allowed to be solemnized till both parties produce certificates attesting that they bear genuine vaccination marks.

## Free Medical Treatment for Weak Men

Who Are Willing to Pay When Convinced of Cure.

A scientific combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—completely and apparatus—without a single payment to any honest man. If not all this is claimed—all you wish—send it back—that ends it—pay nothing!

No such offer was ever made in good faith before; we believe no other remedy would stand such a test. This combined treatment cures quickly, thoroughly and forever all effects of early evil habits, later excesses, overwork, worry, etc. It creates health, strength, vitality, sustaining powers and restores weak and undeveloped portions to natural dimensions and functions.

Any man writing in earnest will receive description, particulars and references in a plain sealed envelope. Professional confidence. No deception nor imposition of any nature. A national reputation backs this offer. (Cut out and send this notice, or mention paper.) Address

THE PURITY OF ELECTIONS LAW.

The *Lyon County Times* is strongly in  
favor of the repeal of the "Purity of  
Elections Law." It says:

"It is the worst perjury breeding  
piece of legislation ever passed by a  
body of men. There is not a candidate  
seeking office to-day who can make his  
canvass and keep within the limit of  
expense prescribed by this law, and  
when candidates come to make affi-  
davit that they have done so they sim-  
ply perjure themselves. The law was  
passed in the interest of a few men  
who now get behind it to avoid paying  
legitimate campaign expenses."

There is much truth in what the  
*Times* says. The law limits the ex-  
penditures of a candidate for State  
office to \$250 and as Nevada is a State  
of magnificent distances, a candidate  
can not visit every county in the State  
and keep within the limits of the law.  
While an amendment to the Act made  
by the Legislature of 1897 provides for  
hiring of halls, music, advertising, etc.,  
the amount that can be paid by candi-  
dates for such purposes is limited.  
Two years ago the Silver newspapers  
received only eight dollars each for ad-  
vertising which at legal rates amounted  
to at least \$200.

The law has some good features  
nevertheless. It prohibits the pur-  
chase of votes, as if they were mer-  
chandise, but it should be amended so  
that newspapers can be paid legal rates  
for political advertising. As it now is  
the Purity Committee, which each  
party must appoint, is limited to an ex-  
penditure of \$1,000 for all purposes  
and no candidate for State office is  
permitted to spend more than \$250.

SILVER IN THE PHILIPPINES.

Murat Halstead writes the *Chicago  
Record* that after the American occupa-  
tion of Manila there was so large an  
amount of American gold offered the  
bankers of Manila that the bankers re-  
quested permission of Brigadier Gen-  
eral Green, the American commander,  
to import clean Mexican dollars, duty  
free. This request was granted, doubt-  
less with the consent of the authorities  
at Washington, and Mr. Halstead says  
that while the free coinage of silver is  
denied, free trade in silver dollars from  
the Mexican Mint is permitted.

Silver dollars are the only coins ac-  
cepted among the Filipinos. They pass  
current throughout the islands and are  
taken in preference to gold. Though  
the Americans have possession of Ma-  
nila they encourage the use of Mexi-  
can dollars by admitting them free,  
when we have abundance of silver  
bullion in the Treasury vaults and  
mints that could convert it into coin  
lying idle. The prejudice against in-  
creasing the coinage of silver is, how-  
ever, so strong at Washington that the  
Government will do anything in the  
way of financing to prevent the coin-  
age of the bullion now piled in the  
Treasury. It issued interest-bearing  
bonds for money that it did not need,  
and which it is now depositing in fa-  
vored banks, without interest, to pre-  
vent the coinage of silver, and it may  
relinquish possession of the Philippines  
rather than risk the danger of annex-  
ing territory where silver is the prin-  
cipal circulating medium.

INDEPENDENCE OF THE PHILIP-  
PINES.

The insurgent chiefs in the Philip-  
pines attended a festival at Malolos  
last Thursday and Aguinaldo, the  
would be dictator, made a speech in  
which he said:

Our friends, the Americans, came  
for the purpose of demonstrating the  
generosity and grandeur of their gov-  
ernment, and to assist in relieving the  
people from slavery without annexing  
the islands, thus setting a good ex-  
ample. We now understand and ap-  
preciate the famous Monroe doctrine  
of "America for Americans," and jus-  
tice demands that they add the Philip-  
pines for the Filipinos."

It is very evident that Aguinaldo  
means mischief. He will not be sat-  
isfied with the establishment of a repub-  
lican form of government on the  
islands which would result from an-  
nexation to the United States. That  
would prevent him from becoming  
dictator and he is, therefore, opposed  
to annexation. It is possible that  
Dewey and Merritt may have more  
trouble in quieting Aguinaldo than  
they had in subjugating the Spaniards,  
as he has a large following, who can-  
not understand that annexation would  
be much better for them than so-called  
independence under a barbarous chief.

THE TAX ON DEEDS.

The Commissioner of Internal Re-  
venue at Washington in a recent  
letter to Collector Morrison of New  
Mexico, says he does not consider a  
deed placed in escrow subject to taxa-  
tion until all the conditions in the mat-  
ter have been complied with. A deed  
in escrow would not be operative as  
between the grantor and grantee until  
delivered to the grantee, nor would it  
vest title until delivered. It is an in-  
complete inchoate transaction. There  
is no tax imposed upon the instrument  
until the time of its delivery, at which  
time the custodian of the deed should  
affix and cancel the proper stamps re-  
quired.

The weather is decidedly wintry and  
the mountain tops are white with  
snow.

A CARD FROM MR. LEE.

He is a Candidate for Senator of the  
United States and Nothing Else.

RENO, August 22nd, 1898.  
EDITOR NEVADA STATE JOURNAL:—Sir:  
In your issue of August 18th, 1898, you  
had the honor to say: "Hon. B. F.  
Leete of this county has been favor-  
ably mentioned as a candidate for  
State Senator."

Do me the kindness, please, to say  
that I am a candidate for a Senator of  
the United States from the State of  
Nevada, also that there is at the present  
time no other office in the gift of the  
people of the State of Nevada that I  
will accept, and oblige

TO THE CITIZENS OF NEVADA.

A Challenge to Republican Leaders to  
Prove their Assertions.

The Republican Party of Nevada at  
its convention held in Reno, Septem-  
ber 15, 1898, issued a platform or de-  
claration of Principles, which as honor-  
able men they are bound to defend.

Among other statements made is the  
charge of mismanagement of the Hos-  
pital for Mental Diseases. This I de-  
nounce as an outrageous misstatement,  
and hereby challenge any Republican  
leader to meet me in joint discussion  
before the people, at various points in  
the State, there to substantiate the  
above charge or enable me to prove its  
falsity.

And I particularly issue this chal-  
lenge to A. C. Bragg, Chairman of the  
Committee on Platform of said Con-  
vention, and a candidate for office on  
the Republican ticket, arch enemy  
to remonetization of silver and editor  
of the *Reno Evening Gazette*, who for a  
number of years past has through the  
columns of his paper, been endeavoring  
to establish mismanagement at the  
hospital, the undoubted author of the  
above charge.

And to G. H. Thoma, who as chair-  
man of the Washoe County committee  
on Platform, not content to endorse  
the above in endorsing the State Plat-  
form, reiterates the above falsehood in  
specific terms.

Who is G. H. Thoma? He is the  
physician who preceded me in charge  
of the Nevada Insane Asylum, whose  
mistreatment of the patients was of  
so outrageous a character that respect  
for the citizens of the State forbade  
my stating the facts in my last bi-  
ennial report, Vice President of the *Reno  
Gazette* Publishing Company and  
standing candidate for the superinten-  
dency of the Nevada Hospital for  
Mental Diseases.

A political party must indeed be at  
a low ebb, when it finds it necessary to  
falsely assail the public charities of the  
State to bolster up its fallen fortunes  
and permits its party machinery to be  
used by disappointed office seekers to  
gratify personal malice.

Respectfully  
H. BERGSTEIN.

for Mental Diseases.

Heat and Fuel Savers.  
How long are you going  
to "get along" with that old cookstove  
that burns more fuel than a furnace  
and heats the outdoors more than it  
does the oven?  
A very little money will buy one of  
our cookstoves—you'll save the price  
in fuel in one season. It will keep the  
heat where it ought to be, and cook  
your food as it ought to be cooked.

The Lovelock Tribune says arrangements are being made to move Buena Vista Lodge, I. O. O. F., from Unionville to Lovelock. The lodge was instituted when Unionville was flourishing, but since silver went down the old town has been nearly depopulated and there are but few members of the lodge residing there. A hall has been secured at Lovelock and the change will be made in a short time.

BEATRICE PRIEST FINE.

Her Song Recital Last Evening a Splendid Success.

A select and good sized audience gathered at the Opera House last evening and the anticipation of those present was more than realized in the splendid song recital given by Mrs. Beatrice Priest Fine, assisted by Herr Arthur Weiss, a master of the 'cello, and Arthur Fickenscher, pianist and accompanist. Every number on the program was a gem and the audience showed its appreciation by quiet attention during the rendition of each selection and enthusiastic applause at the close.

Mrs. Fine is a singer of rare merit. Her voice is clear and sweet and she has it under wonderful control. Her stage presence and style is pleasing and her selections are of a character to not only display her splendid voice and talent, but to entertain and please her audience by reason of their variety.

Herr Weiss is a marvel on the 'cello and his playing last evening was a revelation to a Reno audience as far as this instrument is concerned. Every note showed his master hand and the expression and at times power of the instrument under his manipulation was truly grand.

Arthur Fickenscher as pianist showed himself to be an artist. His delicate touch, yet great power on the Steinway Grand used at the recital, surprised even those familiar with this instrument and they could hardly realize that such marvelous effects in harmony and general technique could be accomplished.

Mr. William A. Fine, who is managing the recitals, proposes to bring the famous interpreters of classic song, Mr. and Mrs. Max Heinrich and Miss Julia Heinrich, to Reno providing encouragement is given by subscription.

None Greater Than the Great Wallace Shows

The Great Wallace Show will spread their acres of white canvass in this city to-day.

And if the advance reports are to be believed, the tented institution to-day is one of the largest in America. The press of every city in which the shows have exhibited have been lavish in their praise, particularly the Pittsburg, Pa., Chronicle Telegraph, where the shows appeared a short time ago. This great newspaper has among other good things the following to say:

"The title of 'The Greatest Show on Earth' has been claimed by many aggregations which annually visit this vicinity, but it is certain there are none greater than the Great Wallace Shows, which appeared here Monday and Tuesday of this week.

Not a feature as advertised was omitted, and all who attended the performances were loud in their praises of the production and the honest way in which the management conducts the gigantic affair.

The management also claimed that the shows are lofty in conception, regal in appointments, and pure in character. This is all true, and more especially the latter. There is nothing in any of the many and varied features of this great show to cause a blush on the cheek of the most modest.

Indeed, there is no feature of the great combined show which is not first class and far above the average, and no one need hesitate about going and taking their wives and families or sweethearts, and they can rest assured they will be well entertained. Anyone who has seen the Great Wallace Shows is sure to go again, because some of the features are so novel and startling that one could not tire of seeing them.

The Nevada Exhibit at Omaha.

In order to show up the unjust misrepresentation regarding the Nevada agricultural exhibit at Omaha, Colonel Maxson secured a photograph of the exhibit and the same can now be seen at H. J. Thyes' store. The various grasses, cereals and a number of other exhibits including the sagebrush that was made such a source of criticism are all to be seen in the picture and the sign "Nevada." While the exhibit may not compare with the agricultural display of other States, it shows something of Nevada's products and among the cereals, there are two classes not shown by any other State. The sixteen dirty sacks of salt, so much talked about, are shown to be a pyramid of small sacks very neatly arranged and quite attractive. Altogether the picture shows that the Nevada exhibit has been misrepresented by some of our people and the misrepresentation smacks of malice.

All Parties Will be Represented.

At the Wallace Shows to-day an opportunity will be given to see the g. o. p. elephant, the Democratic tiger and the Populist monkey with whiskers. It will cost a Silver party 16 to 1 dollar, not including lemonade and peanuts. Everybody will be there, simply to take the children of course, and the candidates will be out in force to interview their country friends. Altogether the day will be great and none should miss the circus.

Board of Commissioners.

The Board of County Commissioners met yesterday, all present. The principal business transacted was the fixing of polling places for the coming election and appointment of judges and clerks of election. The monthly bills were considered and ordered paid.

Weather Report.

Following is the University meteorological report received from the U. S. Observer, San Francisco; Tuesday, partly cloudy, with light snow on mountains.

A Quiet Wedding.

Peavine was the scene of a quiet wedding last Sunday at high noon, the contracting parties being Mr. Louis F. Lemmon and Miss Margaret M. Magill. The wedding took place at the home of Mr. Lemmon, only the immediate relatives of the families being present. Just at twelve the bridal party entered the parlor where they were met by Mr. Magill, father of the bride, who performed the ceremony. Best wishes and congratulations were then extended, after which a sumptuous wedding dinner was partaken of.

Mrs. Lemmon's friends are numbered by the score. Only to know her is to be her friend. Her sterling character has endeared her to all with whom she has come in contact. She is the daughter of Rev. T. Magill, for many years pastor of the Congregational Church of this place and now located in Virginia as pastor of one of the first churches. Mrs. Lemmon is a musician and acted as organist in the church for a number of years. She was a zealous church worker, always ready to go to those in trouble and will be greatly missed.

Mr. Lemmon is a prosperous and well known farmer, having lived in this vicinity since childhood. He is the son of the late Hon. Fielding Lemmon, who represented the people of Washoe county two terms in the State Legislature. Financially Mr. Lemmon is well fixed to make a start on life's matrimonial journey, having among other things large cattle interests in the northern country. He is of a retiring disposition and for that reason is to be doubly congratulated on winning so great a prize. Mr. and Mrs. Lemmon have not as yet decided upon their future home.

The JOURNAL joins with the many friends in wishing them happiness unbounded.

How To Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look, if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils and gives a good complexion. Every bottle guaranteed. Sold at S. J. Hodkinson's Drug Store. 50 cents per bottle.

Republican County Ticket.  
The Republican county ticket appears in to-day's issue of the JOURNAL. The nominees on the ticket are well known to the people of Washoe county and are capable men. Some of them have already served the public in office and the taxpayers are the judges whether or not they served satisfactorily. If any of them are elected, it is presumed they will perform their official duties to the credit of themselves as well as their party.

The nominees are before the readers of the JOURNAL for consideration.

An Enterprising Druggist.

There are few men more wide awake and enterprising than S. J. Hodkinson who spares no pains to secure the best of everything in his line for his money customers. He now has the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, Hoarseness and all affection of the Throat, Chest and Lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cent and \$1.00. Guaranteed to cure or price refunded.

PLATFORM.

age of both gold and silver, that it holds to this principle, that it will permit of no abandonment or modification of this doctrine; that let whoever prove recalcitrant to the principle of bimetalism it will remain steadfast thereto.

And who on May 9, 1896, at Virginia City, declared as follows:

"We again reiterate our steadfast devotion to the cause of the free and unlimited coinage of silver, and declare that our judgment of the value of the true bimetallic standard of redemption is that it is based upon the principle of the ratio of 16 to 1, an absolute and indispensable requirement before the financial system of our government will afford the people a value of stable circulating money sufficient to place the business of the country on a permanently prosperous basis."

We endorse the action of Nevada's representatives with respect to tariff and financial legislation, commending their patriotic support of the administration in times of war, while using all efforts to prevent the issuance of bonds.

We say to the Republican party of Nevada: Do not the beneficent results of the tariff schedules of the Dingley bill which affect Nevada, and which Nevada's silver representatives have cured, namely wool, cattle, hides, cyanide, and borax, fall upon you as the rain falls upon the just and the unjust? And if so, in what manner could Republican Representatives have done more?

We say to the Democratic party of Nevada: Has not the action of Nevada's Representatives on financial legislation been in keeping with the Democratic platform of 1890, and, in this respect, could Democratic Representatives have done more?

We express our profound appreciation of the tireless efforts of Nevada's grand old man, Wm. M. Stewart, not only as the leader of the silver cause in America, but for his great devotion to the local interests of the State, as exemplified by the fact that he has been the author of many of the important measures that affect Nevada's interests which have been enacted by Congress, namely, the mining laws of the United States, the Carson Mint, the Stewart Institute, the establishment of the Agricultural Experiment Station, which enables the State University to receive \$10,000 a year in financial aid, and the securing of a military instructor at the State University. We further commend his efforts, now likely soon to be crowned with success, to secure the payment to the State and citizens of Nevada of nearly half a million dollars for money expended in the suppression of the war of the rebellion, and Indian outbreaks. We endorse his proposal to secure legislation making Lake Tahoe and vicinity a national park, the Government purchasing on an equitable basis the rights of pastures which are devoted to the interests of the people, and not only preserving from destruction one of Nature's grandest works, but giving the National Government control for irrigation purposes of a great lake reservoir, which will guarantee the farmers along the Truckee river more water for irrigation, and enable a vast additional area of arid land to be brought under cultivation.

We earnestly recommend the reelection of Wm. M. Stewart to the Senate of the United States, and pledge the Silver party of Nevada and the nominees of this convention to his support for that office.

To our other Senator, John P. Jones, we extend the greetings of a people who recognize that they have such a great public servant who has honored the commonwealth which has delighted to honor him. His pre-eminent knowledge of all financial questions has been used by him for the benefit of the whole world, and his speeches in the United States Senate upon the silver question have become the text book of those statesmen who are devoted to the interests of the whole people.

We take pride in the career of Francis G. Newlands in Congress, notably in the fact that he has risen in six years to a place among the leaders of the House, and that his influence in public affairs is becoming more and more manifest as is shown by his great part in the annexation of the Hawaiian Islands, a consummation anticipated and desired by the American people for more than fifty years. We do not think that Nevada cannot afford to lose him as her Representative in the halls of Congress.

Recognizing the importance of State development upon agricultural lines we commend the efforts of our Representatives in Congress looking to the reclamation of arid lands, and the storage of water in reservoirs and urge our Senators and Representatives in Congress to secure the passage of the irrigation bills now before Congress introduced by our Representative Francis G. Newlands.

The United States is now in the rightful control of Cuba, Porto Rico, and the Philippine Islands, and we are in favor of holding the same until the American people shall have time to consider and make such disposition of the new acquisitions as sound policy and the interests of the whole country may require.

We favor the construction of the Nicaragua canal by the Government of the United States of America as a political and commercial necessity.

At the last session of Congress a law having been passed providing for the settlement of the indebtedness of the Central Pacific Railroad to the Government of the United States, the terms of which require the payment of the entire debt, principal and interest within ten years with interest at the rate of 3 per cent per annum, and on failure to make such settlement within one year the mortgage lien of the United States is to be at once foreclosed, and the property sold to satisfy the debt. We favor the foreclosure according to the terms of said Act in case its conditions regarding settlement are not complied with.

Certain decisions of the United States courts having shown the Interstate Commerce Commission of the authority and powers undoubted, and intended to be conferred upon it when originally enacted we favor such amendments to the Act as will make it an effective protection to the people against discriminating tariffs.

The heroism and valor of the American soldier and sailor have won additional laurels during the war with Spain. The story of the brave deeds of our naval and military heroes will forever form a glorious page in American history. Our lads and our sea America's defenders have proved their unsurpassed courage. Praising those who fought our battles, we condemn the traitorous conduct of those officials who have responsibility in any way to whom credit is due, the death by starvation and disease of our brave soldiers and sailors. We demand that the awful conditions involved in the conduct of the war be impartially and completely investigated, and that adequate punishment be meted out to those who have been guilty of such conduct.

The people of Nevada are justly proud of their University. We commend the efficient administration of the University, and the institution of public officials and widening possibilities. It is a source of pride and a potent factor for the intellectual and economic development of the State. We pledge to it generous support and hearty co-operation along every line that will tend to maintain its present high standard of conduct to its improvement.

This convention pledges its nominees for Governor that he will approve of such legislation as will carry into effect the provisions of Article 10 of the State Constitution, which provides that the Legislature shall provide a special tax which shall not exceed two mills on the dollar of all taxable property in the State and use the same for the purpose of the support and maintenance of the State University and common schools. This convention recommends all county conventions of the Silver party to pledge their nominees for the State Legislature to carry into effect the State Constitution by passing a bill levying a tax of one mill on the dollar of all taxable property in this State in addition to the other means now provided by law for the support and maintenance of the State University and common schools of this State.

We have a comparison of the four years during which the Silver Party has been in control of the State Government with the last four years of the Republican regime. The expenses of the last Republican Legislature amounted to \$500,000, that of the last Silver Party Legislature \$238,500. The expenses of the Executive Department for the last year immediately preceding Silver Party control amounted to over \$38,500, while but \$29,500 were the expenses of the Executive Department for 1897. For the last four years of Republican management \$8,000 were expended in public buildings as against \$97,000 by the Silver Party. And during the periods in comparison, in support of the public schools of the State the Silver Party expended \$37,000 as against \$2,500 by the Republican party. No one can examine the foregoing and many other facts and figures which might be added, without the resulting conviction that the Silver Party has fulfilled its promise of retrenchment with reference to the unnecessary expenses, while, on the other hand, it has generously fostered the educational and charitable institutions of the State and wisely contributed to its public improvement.

BIDS OR PROPOSALS WANTED.

NOTICE IS HEREBY GIVEN THAT BIDS for proposals will be received by the City Council of the City of Reno, Nevada, until 7 o'clock P. M. of Saturday, November 12th, 1898, at the office of the City Clerk, Reno, for the purchase of "Reno Water Works bonds" in the sum of \$100,000 or any portion thereof not less than the sum of \$500. Said bonds to bear interest at the rate of six percent per annum, payable annually at their maturity at the office of the City Treasurer of Reno. Said bonds shall not be liable to taxation by said city, and bids or proposals will be received by said Council as provided in the charter of said City of Reno, in accordance with the plans and specifications adopted by said City Council, on Monday September 26th, 1898, which said plans and specifications are now on file with the City Clerk of said Council, at his office in the Court House of Washoe county, Reno, Nevada, and are hereby referred to and made a part thereof, and will be subject to public inspection at any time between the hours of 9 o'clock A. M. and 4 P. M. legal holidays excepted. Payments for the construction and putting in of said system will be made with bonds of said City of Reno, bearing interest at the rate and payable at the time specified in said specifications, and the value, in the manner provided in said specifications, of the bids or proposals shall be sealed, and so endorsed upon the envelope as to indicate the character of the bid, and addressed to P. B. Porter, City Clerk, Reno, Nevada.

The person or corporation offering to provide the best permanent system of water supply for the least number or amount of said bonds, shall be deemed the lowest or best bidder, provided the bidder reserves the right to reject any and all bids.
